Eco-lighting solution for halogen G9 replacement with exquisite profile

Thanks to the exquisite profile of the MEGAMAN® LED G9, you now have an energy-efficient solution to fit into luminaires of precise and compact design. Over-heating and frequent re-lamping due to the burning out of lamps no longer be an issue.

Further extending functionality, the MEGAMAN® LED G9 offers a 100% to 20% linear dimming effect. Working with common dimmers, you can experience a wonderful linear dimming effect that is similar to that obtained with traditional incandescent and halogen lamps. Simply connect an ordinary dimmer switch and start dimming without the need for a retrofit.

Product Features:

- Ideal alternative for the halogen G9
- Long rated life of 25,000 hours
- Capable for linear dimming from 100% to 20%*
- High colour rendering of up to Ra80
- General less heat than the halogen lamp
- Wide range of operating temperatures -30°C to +40°C
- High product efficacy, A+ Energy Class

* Please visit www.megaman.cc/user-guide for the list of compatible dimmers
